

BASIC MICROFIBER PROPERTIES

- Thoroughly removes dust, allergens, and bacteria
- Antibacterial - Proven wipe surface 99% bacteria free without using chemicals and without cross-contamination
- Highly absorbent – Microfiber can hold up to 7 times its weight in liquids
- Limitless utility - Use for household chores, auto detailing, and even personal use
- Non-abrasive - Safe to use on stainless steel, crystal, cars
- Effortless cleaning - tiny microfibers get into cracks and crevices to get those hard to reach spots!
- Multifunctional - Use wet for tough cleaning jobs or dry for dusting
- Dries and polishes to a streak-free and lint-free finish
